

Spritzig[™]
by health in harmony

The CBD beverage for healthy humans.

Spritzig was designed by a team of world renowned natural product formulators who wanted to deliver the powerful benefits of CBD in a great tasting sparkling water.

“Great tasting sparkling wellness water!”

Where Nature Meets Science

Sun Grown American Hemp

We utilize sungrown hemp plants from experienced cultivars with more than five generations of farming expertise and GAP (Good Agricultural Practices) certification. Grown in some of the richest soil in the United States, every batch of hemp biomass undergoes the strictest testing protocol to ensure product purity and consumer safety.

Clinically Proven Formulation Innovation

We then extract the most important parts of the hemp plant to deliver 10mg of CBD in each delicious beverage. Unfortunately, CBD is notoriously poorly absorbed in the body, which leaves most of these powerful bioactives wasted after consumption. To overcome this, we utilize our multi-patented delivery system - VESIsorb® - which has been clinically proven to improve the absorption of CBD more than 400%!

Beverage Industry Breakthroughs

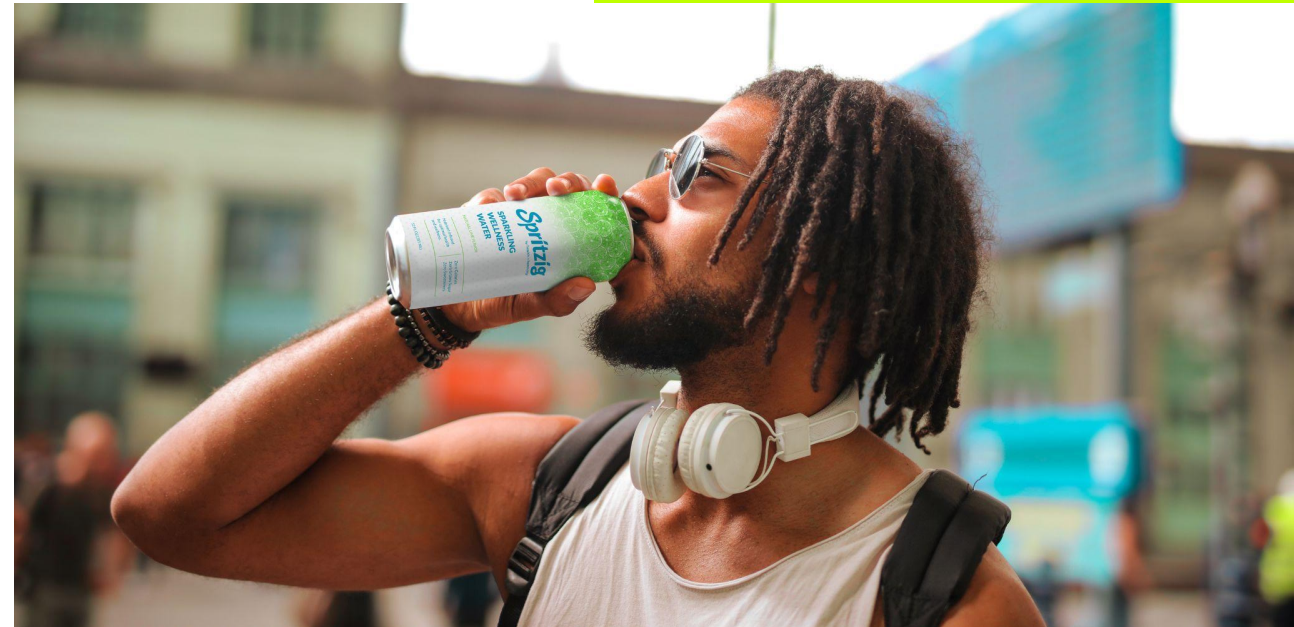

The most science-backed CBD beverage in the global marketplace.

✓ Product Performance

The only CBD beverage utilizing a patented delivery system that's been proven via a peer-reviewed published study demonstrating **300% faster acting benefits** and **400% better efficacy!**

✓ Product Safety

The only CBD beverage using a hemp extract with **clinically proven safety data** demonstrating the highest NOAEL in the global marketplace for food and beverage CBD products.

The CBD Trend

Consumers Demand Quality

CBD is one of the top trending ingredients in the health and wellness industry with anticipated revenues expected to surpass \$15 billion by 2025. The popular press has put a laser focus on the potential health benefits of CBD as well as cautioned consumers to learn more about the products before purchasing.

While it is widely recognized that many CBD products lack sound scientific evidence and rigorous QA/QC, Spritzig delivers full traceability for each ingredient used complemented by a rigorous QA/QC protocol that surpasses GMP requirements.

We stand behind every product that we offer.

Top Reasons For Consumer CBD Purchases

Reduce Stress & Anxiety

Better Sleep

Pain Relief & Recovery

Unmatched Competitive Advantages

BRAND	PUBLISHED PK DATA	SAFETY DATA	STABILITY DATA	CLINICALLY PROVEN DELIVERY SYSTEM
	YES. Unmatched Cmax & Tmax ¹ .	YES. Unmatched NOAEL ² at 135mg/day.	YES. 2 year shelf life using ICH ³ standards.	YES. Natural delivery system system with 30+ years of success.
Recess	None.	None.	Unknown.	No.
VeryWell	None.	None.	Unknown.	No.
Wyld	None.	None.	Unknown.	No.
Mad Tasty	None.	None.	Unknown.	No.
Miraflora	None.	None.	Unknown.	No.

1) Cmax is how much CBD is used by the body after consumption.
Tmax is how fast it works.

2) NOAEL = No Observed Adverse Effects Level

3) ICH = International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use

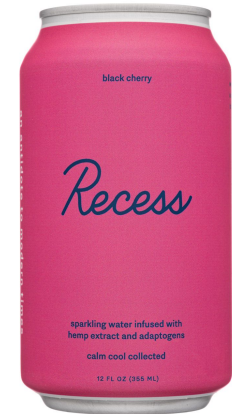

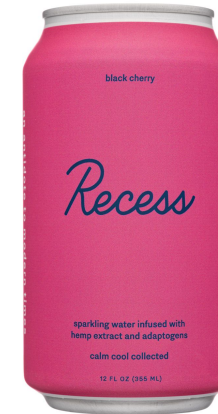

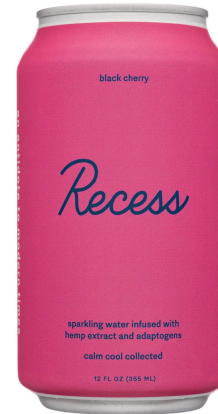

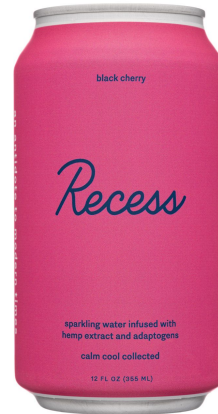

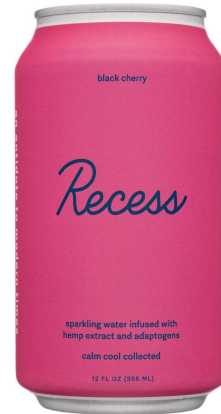

Why Choose Us

Increased cannabinoid bioavailability results in enhanced wellness benefits and better consumer economics.
